Mr. Kirk,

You have been advised on numerous occasions that you and your firm are not authorized to represent TopDevz, LLC.

Concurrently, you have now joined an action on behalf of TopDevz, LLC against me and other defendants in superior court.

If you do not withdraw before April 19, 2023 from representing TopDevz, LLC I will have no choice but to bring an action against you and your firm for breach of fiduciary duty and malpractice among other things.

You owe a duty as per your oath to the state bar not engage in conduct adverse to your "client" TopDevz, LLC.

You personally and your firm will be held liable for all damages that ensue for your continued representation of TopDevz, LLC absent any final judgment entered in a court of competent jurisdiction to remove me as manager of the LLC and 51% majority owner.

Thank you,

Ashkan
